CORALIE, A YOUNG NATURE GUIDE

Coralie, a budding nature guide, presents 52 animals from our regions throughout the seasons in a playful and humorous way. Children will learn about nature that surround them and discover their responsibilities towards it.

MAGIC BOARD

Coralie uses videos, animations and infographics to presents her knowledge on her Magic Board, the crossroad between a natural park entrance panel and a school presentation !

ANIMALS & INSECTS

Do you really know the nature that surround you and what is their role in our ecosystem ? Mini-Rangers covers local european animals in a clever, simple and humours way. It then can expand to other continent and mythological creatures.
